PBS COVERUP – It's Israeli and Saudi WAR!

9 09 2013

Program after
Program on the
"Public Broadcasting
System" there is a
MAJOR COVERUP.

Whether the flagship *PBS News Hour*, *This Week in Washington*, or *Inside Washington* — all dominated by Syria Friday evening — there was NO mention of how the it is the Israelis and the Saudis who have been pushing hard for WAR with Iran and Syria for years already!

That's right! There was not a single question or comment about the critical roles of Israel and Saudi Arabia, each for their own reasons of course, relentlessly pushing the US to war with IRAN and SYRIA. And there was only one passing reference at the end of *This Week* — just a few seconds without any follow-up of any kind — about the critical role of the Israel/Jewish Lobby (*not called that of course*).
