Because I am interested in the Middle East, I decided to “google” Mr. Bruzonsky. Here is his blog ([here](#)), which is “fascinating” in the sense that it promotes rank anti-Semitism, or what I like to affectionately call Jew hatred. Yes, I know, Mr. Bruzonsky is Jewish. So what? This fact only makes his rank peddling of Jew hatred more disgusting, not less so. So what perspective does Mr. Bruzonsky bring to bear on his view of the Middle East?

The Jews control American foreign policy ([Download Article I](#); full blog posted 9/6/2013).

Jews/Israel control the media ([Download Article II](#); [Download Article III](#); full blog posted 9/17/13 and 9/09/13, respectively).

Jews have “[dual loyalty](#)” problems ([Download Article IV](#); full blog posted 9/23/13).

The Jews/Israel wants to force the U.S. to attack Iran ([Download Article V](#); full blog posted 9/22/13).

Zionism has “infiltrated” the U.S. ([here](#)) – like a plague or disease you know.

In general Jews and Israel are the problem; the examples of his blog postings to demonstrate this fact are endless ([Download Article VI](#); full blog posted 9/14/2013).

Mr. Bruzonsky uses age-old canards that have been used to smear the Jewish people, and now Israel. Because an image is worth a thousand words, here is just a sampling of the rank Jew hating visual propaganda that litters the pages of Mr. Bruzonsky’s blog.
